Module Three: Created to Live in Community
explores the individual's relationship with the wider world. Here we explore how human beings are relational by nature and are called to love others in the wider community through service, through dialogue and through working for the Common Good.

Religious UNDERSTANDING

At every key stage children will learn that just like the Holy Trinity of God we are called to live and love in community. We are called to love God and love others.

Living in the WIDER WORLD

At every stage, the religious understanding from unit 1 is applied to real world situations, such as the community we live in, and through exploring the work of charities which work for the Common Good.
